

Our Background

Transcend Associates was founded by accomplished building industry professionals to provide design, consulting, and construction management services to clients seeking innovative and comprehensive project solutions. We have extensive experience in the preparation of MEP design documents for new construction, renovation, systems replacement, and specialty projects. Throughout our decades in the building industry we have served a unique and diverse base of clientele including architects, contractors, developers, institutions, tenants, merchants, restaurants & entertainment venues. We hold degrees in Architectural, Civil, and Mechanical Engineering; with Professional Engineering licensure and registration in the State of Texas. Texas Registered Firm No. F-10243.
